

Microsoft Win 10 Home COA License Sticker For OEM Software

Basic Information

- Place of Origin: USA / Customize
- Brand Name: Microsoft
- Certification: Microsoft Certified
- Model Number: Windows 10 product key
- Minimum Order Quantity: 10 pieces
- Price: Negotiable
- Packaging Details: sticker
- Delivery Time: Within 48 hours
- Payment Terms: T/T, Western Union, MoneyGram,
- Supply Ability: 10000 pieces / week

Product Specification

- Security Label: Available
- In Relief: Yes
- Installation: From Internet
- Quality: Original
- Activation: Online
- Operating System Edition: Professional/Home
- Highlight: Win 10 Home COA License Sticker,
Windows 10 Home COA License Sticker,
Windows 10 Pro Product Key

Product Description

Win 10 Home COA License Sticker Windows 10 Pro Product Key For OEM Software

WHAT IS WINDOWS 10 PRODUCT KEY

Windows 10 installation asks you to enter the working windows product keys. If you enter the generic keys or you simply opt for the trial version of Windows 10 installation. When you enter the valid windows 10 activation keys, then you get your windows activated instantly. However, if you have skipped the activation process, then also there is non-need for you to worry. you can now simply enjoy the 15 days free full trial for your copy of windows. So when you get expired from your trial, then you have to simply enter the working windows keys later.

WHAT IS WINDOWS 10 PRODUCT KEY

Windows 10 installation asks you to enter the working windows product keys. If you enter the generic keys or you simply opt for the trial version of Windows 10 installation. When you enter the valid windows 10 activation keys, then you get your windows activated instantly. However, if you have skipped the activation process, then also there is non-need for you to worry. you can now simply enjoy the 15 days free full trial for your copy of windows. So when you get expired from your trial, then you have to simply enter the working windows keys later.

Follow the step below to activate windows 10 using product keys:

1. Go to Settings (Windows key + i),
2. Go to Update & Security,
3. Choose Activation from the left hand menu,
4. If you don't have a license key, click on Go to Store. The Windows Store now opens to a product page for the version of Windows 10 installed on your computer. You can now buy Home or Pro, and it unlocks and activates your version of Windows 10,
5. Go to Settings (Windows key + i),
6. Go to Update & Security,
7. Choose Activation from the left hand menu.
8. Click on Change Product Key,
9. Enter a valid product key and Windows should activate after verification over the Internet.

Full version (Retail):

- Includes transfer rights to another computer.
- Doesn't require a previous qualifying version of Windows.
- Expensive

Upgrade version (Retail):

- Includes transfer rights to another computer.
- require a previous qualifying version of Windows.
- Expensive, but cheaper than full version

OEM :

OEM versions of Windows are identical to Full License Retail versions except for the following:

- OEM versions do not offer any free Microsoft direct support from Microsoft support personnel
- OEM licenses are tied to the very first computer you install and activate it on
- OEM versions allow all hardware upgrades except for an upgrade to a different model motherboard
- OEM versions cannot be used to directly upgrade from an older Windows operating system

What happens if I change my motherboard?

As it pertains to the OEM license this will invalidate the Windows 10 upgrade license because it will no longer have a previous base qualifying license which is required for the free upgrade. You will then have to purchase a full retail Windows 10 license. If the base qualifying license (Windows 7 or Windows 8.1) was a full retail version, then yes, you can transfer it.

System requirements

If you want to upgrade to Windows 10 on your PC or tablet, here's what it takes.

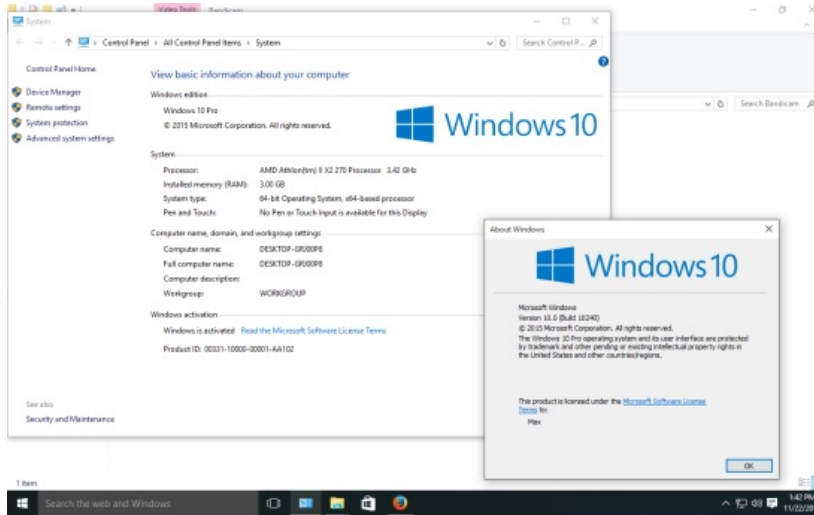

Processor: 1 gigahertz (GHz) or faster processor or SoC
 RAM: 1 gigabyte (GB) for 32-bit or 2 GB for 64-bit
 Hard disk space: 16 GB for 32-bit OS 20 GB for 64-bit OS
 Graphics card: DirectX 9 or later with WDDM 1.0 driver
 Display: 800x600
